

Dom de Fenouillet

Muscat de Beaumes de Venise

THE FACTS

COUNTRY: France

REGION: Rhone

APPELLATION: Beaumes-de-Venise

THE STORY

The brothers Soard, Patrick and Vincent, own and operate this impeccable domaine, the cellars of which are situated in the village of Beaumes de Venise, in the shadows of Mont Ventoux and the Dentelles de Montmirail. They trace their lineage as vigneron back to their great-grandfather, Casimir Soard, whose wines were winning medals as early as 1902. In 1988, Patrick and Vincent decided to renew the fame of the estate and constructed the cellars necessary to vinify and bottle the full range of appellations available. The vineyards of the domaine are scattered over seven different communes, including, of course, Beaumes de Venise and the surrounding villages.
