THE STORY

The Farina family has roots in agriculture and winemaking tracing back to the beginning of the 16th century. Inspired by this long family history, Remo Farina was able to combine the most modern concepts in winemaking technology with ancient, time-tested methods to produce rich, elegant wines. Today the winery is managed by the new generation and continues to produce lovely fresh white wines and exquisite red wines that have great body and balance with a wonderful combination of sweet fruit and traditional dried fruit blended with earthy undertones and a dry complex pleasant finish.
