THE STORY

Our landscape is the soft albariza hills of the best states in the Sierra de Montilla and Moriles Alto. Our world is in the vineyard and also between jars and casks, in the silence of our traditional wineries. Our base is respect for the vineyard, an expert oenology and an innovative vocation.

This is how we get the range of young, generous wines and brandies from Pérez Barquero. The expression of the terroir and the Montilla-Moriles winemaking tradition.
