THE STORY

In the noble hills of Veneto passion & tradition create a true work of art. Terre Gaie was born in the legendary lands of Vò, a small village of Colli Euganei. Walking through the streets one can smell wine in the air. Its invigorating & comforting at the same time. Terre Gaie winemakers have all been trained at the Conegliano wine school, which has been perfecting the art of winemaking for centuries. Our knowledge of the art, blended with some high-tech production, allows our wine to breathe in a new way. Watching over every stage, our winemakers transform precious grapes into delectable wine, fit for any special occasion. We're proud of our wine & we want you to experience it. You can call it contemporary. You can call it exquisite. Or you can just call it Terre Gaie.
