

Vina Alicia Brote Negro

THE FACTS

COUNTRY: Argentina

REGION: Mendoza

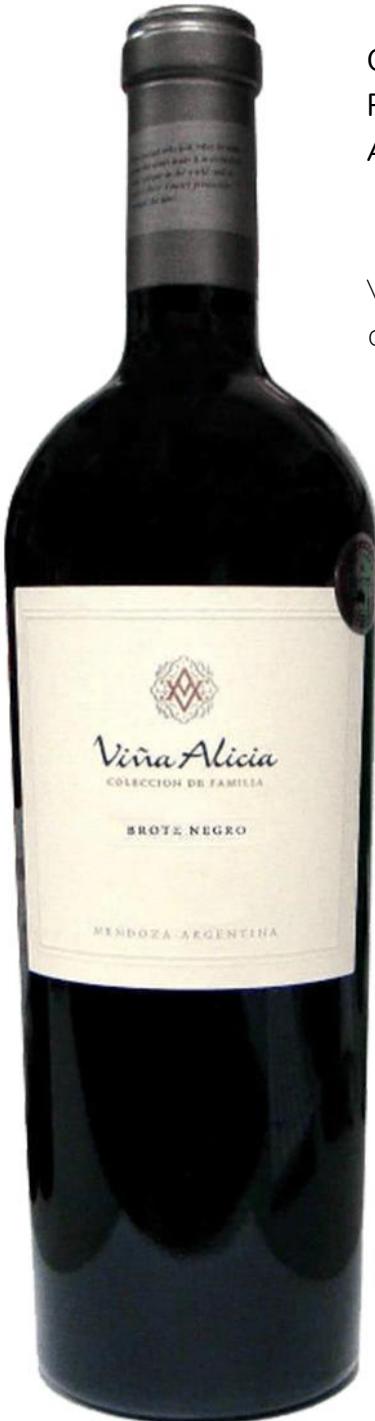

APPELLATION: Las Compuertas

THE STORY

Viña Alicia was funded in 1996, by Alicia Mateu de Arizu; wife of renown winemaker Alberto Arizu. We make wine because it is what our ancestors have done for over 400 years

PHILOSOPHY: Our main philosophy is to make the wines that our ancestors produced hundreds of years ago, both with non-traditional varieties in Argentina as well as in the most natural way and with the right intervention of man.

BIOGRAPHY: Being the fourth generation (Rodrigo Arizu) in Argentina and with my father (Alberto Arizu) who is the alma mater of Luigi Bosca and third generation, we decided to join forces to make the wines that we believe are the expression of what our terroirs can grant. With “chateau-like” characteristics, the Viña Alicia winery is surrounded by a ten-hectare vineyard
