

# Garmon Continental Garmon

## THE FACTS

COUNTRY: Spain

REGION: Castilla y Leon

APPELLATION: Ribera del Duero

## THE STORY

With Garmón Continental, the García family completes its trilogy of wineries in the Duero Valley - Mauro (Tudela de Duero) and San Román (Toro) - in a passionate and exclusive family-run project focusing on the Tempranillo variety with a production that will not be more than 80,000 bottles a year.

**PHILOSOPHY:** Since 2014, Garmón Continental has been committed to ancestral, smallholder viticulture based on old, low yield vineyards and native clones situated in high, cool, and continental riverside areas with a long maturity cycle and late harvest season. These factors condition the idiosyncrasy of this elegant and juicy red wine with an imposing, refined fruit expression.
