

# Ktima Brintziki Esperos Orange Assyrtiko

## THE FACTS

COUNTRY: Greece

REGION: Peloponnese

## THE STORY

Greece's First Green Winery! Community Impact,  
Wife & Husband Winemaking Team, Certified  
Organic-Natural-Carbon Neutral-Solar & Geothermal Powered.

The Brintziki Estate is a producer of indigenous, rare varietals and is considered to be Greece's first green winery. Located in the Ilian region of the Peloponnese near the sacred town of Ancient Olympia, the family-owned property is certified organic and completely carbon-neutral through the use of renewable solar and geothermal energy. They grow indigenous varietals – some, like the Tinaktrogos, old enough to be referenced by Homer – and use natural yeast for most of their wines.
