THE STORY

Lautus, the first de-alcoholised wine, launched in South Africa back in 2017.

Our founder (also the winemaker), Reg Holder, was in pursuit of producing a non-alcoholic wine portraying the beautiful complexity, elegance, and finesse of a premium wine.

We use cutting-edge technology and techniques to de-alcoholise our wines, but our wine-making practices are very traditional. As with all wine, the true heroes are the vineyard. We carefully hand-select the ideal vineyards from regions we know and understand. In this way, we produce wines of high aromatic complexity and balance.
