THE STORY

Bodega Los Cedros is a Mexican vineyard and winery located in the mountains of Arteaga, Coahuila dedicated to the wine harvest since 2012. It originated motivated by the passion and dream of a family to produce high-quality wines within a magical place, more than 100 years old named "El Cedrito." The first vineyards were planted in 2009 and mature very slowly, at over 2100m in elevation. The wines are overseen by winemaker José Trillo Rivas.
