ALCOHOL BY VOLUME: 11.0%

AGING: Stainless steel

THE STORY

A 'beautiful' refreshing wine from the Vinho Verde region. Perfect for Sunny days and friends. Vinho Verde translates to 'green wine', referring to the climate of the region which is lush and green thanks to high precipitation and influence from the Atlantic Ocean.

PHILOSOPHY: The vines grow in rocky, granite soils along rivers that flow from the eastern mountains to the ocean. The cold and rainy climate is ideal for producing grapes with high acidity to make lively, crisp, and refreshing young wines.

BIOGRAPHY: With more than 50 years of winemaking, the winery produces clean and expressive wines that reflect the typical characteristics of their terroir. The grape varieties grown are Alvarinho (Albariño), Loureiro, Arinto and Trajadura for whites and Vinhao, Borracal, Espadeiro for reds.

THE ADJECTIVES

OVERALL: Light and refreshing with spritzy bubbles

AROMAS / FLAVORS: strawberry and watermelon
