AGING: 6-8 months in French oak tonneaux and stainless steel tanks

THE STORY

Livon is a family-run estate rooted in the heart of Friuli's Collio hills, where mineral-rich flysch soils and a cool Alpine influence produce some of Italy's most refined white wines. Since 1964, the Livon family has championed native varieties like Friulano, Ribolla Gialla, and Malvasia, alongside select international grapes. Sustainably farmed and hand-harvested, the wines are a pure expression of place—elegant, aromatic, and balanced. The iconic winged woman on each bottle represents Livon's commitment to tradition, artistry, and the distinct character of Friuli.
